ParkFlying 1-2-3D

Introduction.....	i
About the Manual.....	ii

Preliminary

Simulator Tips.....	iii
<input type="checkbox"/> Transmitter Handling.....	iv

Section 1: Ground School.....A

Airplane Considerations.....	A-1
Wing Considerations.....	A-2
<input type="checkbox"/> Balance Rules-of-thumb.....	A-3

Flight Control.....A-4

<input type="checkbox"/> Control Functions.....	A-5
<input type="checkbox"/> Control Effects.....	A-6
<input type="checkbox"/> Rudder Turns.....	A-7
<input type="checkbox"/> Controlling Turn Size.....	A-8
<input type="checkbox"/> Elevator Adjustments and Turn Finish.....	A-9
<input type="checkbox"/> Aileron Turns.....	A10
<input type="checkbox"/> Elevator Adjustments and Turn Finish.....	A-11
<input type="checkbox"/> Turn Summary and Tightening Turns.....	A-12
<input type="checkbox"/> Straight Lines and Course Adjustments.....	A-13
<input type="checkbox"/> Throttle and Altitude Control.....	A-14
<input type="checkbox"/> Recovery Technique.....	A-15

Learning to Fly.....A-16

First Flights Introduction.....	A-17
<input type="checkbox"/> First Flights Planning and Environment.....	A-18
<input type="checkbox"/> First Flights Positioning.....	A-19

<input type="checkbox"/> Body Rotation and L/R Coordination.....	A-20
<input type="checkbox"/> Trimming Rules-of-thumb.....	A-21
<input type="checkbox"/> Hand Launch Takeoff.....	A-22
<input type="checkbox"/> Ground Takeoff.....	A-23
<input type="checkbox"/> Importance of Level Turns.....	A-24
<input type="checkbox"/> First Flight Warmup Summary.....	A-25, 26
<input type="checkbox"/> Test Glides Before landing.....	A-27
<input type="checkbox"/> Simulated Landings and Go Arounds.....	A-28
<input type="checkbox"/> Landing Approach.....	A-29
<input type="checkbox"/> Landing Flare.....	A-30
<input type="checkbox"/> Simple Loop.....	A-31
<input type="checkbox"/> Tail Slide.....	A-32
<input type="checkbox"/> Lazy Eights.....	A-33

Section 2: Basic Aerobatics.....B-34

Introduction.....	B-35
Airplane Considerations.....	B-36
<input type="checkbox"/> Control Setup.....	B-37
<input type="checkbox"/> Primary to Aerobatic Plane Transition.....	B-38
<input type="checkbox"/> Parallel Positioning Foundation.....	B-39

Loops and Rolls.....B-40

Rapid Step Learning Methodology.....	B-41
<input type="checkbox"/> Basic Loop Sequence.....	B-42
<input type="checkbox"/> Fixed Elevator and Throttle Rules.....	B-43
<input type="checkbox"/> Round Loops.....	B-44
<input type="checkbox"/> Basic Roll Sequence.....	B-45
<input type="checkbox"/> Refine Horizontal Roll.....	B-46
<input type="checkbox"/> Consecutive Rolls Sequence.....	B-47
<input type="checkbox"/> 4-Point Roll Sequence.....	B-48
<input type="checkbox"/> Refined 4-Point Roll.....	B-49

Utilize the Check boxes to keep track of your progress and current areas of practice.

Contents

Loop-Roll Combinations.....B-50

- Immelmann Sequence.....B-51
- Half Cuban 8 Sequence.....B-52
- Refined Half Cuban 8.....B-53
- Full Cuban 8.....B-54
- Half Reverse Cuban 8 Sequence.....B-55
- Full Reverse Cuban 8.....B-56
- Split S Sequence.....B-57

Section 3D.....C-58

- Introduction.....C-59, 60
- Contrasting Aerobatics and 3D.....C-61

3D Airplane Features and Setup.....C-62

- 3D Airplane Features.....C-63
- Dual Rate and Expo Basics.....C-64
- Surface Travel and Expo Rules-of-thumb....C-65
- Control Setup Basics.....C-66
- Differential Aileron Travel.....C-67
- Mixing Concepts.....C-68, 69

Bonus Foamie Improvements.....C-70

- Round Leading Edge Advantages.....C-71
- Balance and Right Thrust Principles.....C-72
- Tape Reinforcement.....C-73

Flight Testing 3D Setup.....C-74

- Considerations.....C-75
- First Flight Trimming.....C-76
- Inverted Check.....C-77

- Travel and Expo Evaluations.....C-78
- Inside Loop Rudder Mixing.....C-79
- Outside Loop Rudder Mixing.....C-80
- Knife-edge Rud.-Ail.-Elev. Mixing.....C-81

High Alpha 3D Maneuvers.....C-82

- Rudder Warmup.....C-83
- Elevator.....C-84, 85
- Back Flip.....C-86
- Parachute and Basic Whip Stall.....C-87
- Advanced Whip Stall.....C-88
- Harrier Throttle Technique.....C-89
- Harrier Elevator Technique.....C-90
- Harrier Rudder and Elevator.....C-91
- Harrier Turns.....C-92
- Rolling Harrier Pass Rudder Warmup.....C-93
- Rolling Harrier Elevator Technique.....C-94
- Advanced Rolling Harrier Pass.....C-95
- High Alpha Rolling Turns.....C-96
- 3D Knife-edge Pass and Loop.....C-97

Hovering and Tumbling.....C-98

- Hover Introduction.....C-99, 100
- Basic Hover.....C-101
- Hover Tips and The 3D Wall.....C-102
- Torque Roll Introduction.....C-103
- Torque Roll Technique.....C-104
- Pogo Hover and Waterfall.....C-105
- Inverted Harrier.....C-106
- Blender and Conclusion.....C-107
