

Airplane & Radio Setup Contents

Airplane Considerations.....iv

Section 1

Airplane Setup.....1

Wing Incidence/Decalage Intro.....	2
<input type="checkbox"/> Incidence & Neutral Stability.....	3
<input type="checkbox"/> Incidence Installation.....	4
<input type="checkbox"/> Common Incidence Questions.....	5
<input type="checkbox"/> C.G. & Neutral Stability.....	6
<input type="checkbox"/> C.G. Tradeoffs.....	7
<input type="checkbox"/> Locating C.G. / Center of Pressure.....	8
<input type="checkbox"/> Right Thrust.....	9
<input type="checkbox"/> Down Thrust.....	10

Section 2

Control Setup.....11

Introduction.....	12
<input type="checkbox"/> Servo Resolution.....	13
<input type="checkbox"/> Setting Control Surface Neutrals.....	14
<input type="checkbox"/> Dual Rates/Flight Modes/Conditions.....	15
<input type="checkbox"/> Expo Methodologies.....	16
<input type="checkbox"/> Transmitter Handling & Expo Tips.....	17
<input type="checkbox"/> 2 Finger Advantage.....	18
<input type="checkbox"/> Increased Stick Tension.....	19
<input type="checkbox"/> Differential Aileron.....	20
<input type="checkbox"/> Adverse Yaw Explained.....	21
<input type="checkbox"/> Aileron-Rudder Mixing.....	22
<input type="checkbox"/> Ail-Rud Mixing Setup.....	23
<input type="checkbox"/> Ail-Rud Mix Payoff.....	24

<input type="checkbox"/> Knife Edge Mixing.....	25
<input type="checkbox"/> Mixing Principles.....	26
<input type="checkbox"/> Flight Mode Mixing.....	27
<input type="checkbox"/> Setup Summary Page.....	28

Section 3

Flight Testing.....29

Introductory “Mulligan” Process.....	30
<input type="checkbox"/> Basic Trimming.....	31
<input type="checkbox"/> Travel Evaluations.....	32
<input type="checkbox"/> Expo Evaluations.....	33
<input type="checkbox"/> Fine Tuning Prerequisites.....	34
<input type="checkbox"/> Advanced Rudder Trim & Thrust Checks.....	35
<input type="checkbox"/> C.G. Checks.....	36
<input type="checkbox"/> Tail Heavy Characteristics.....	37
<input type="checkbox"/> Band-aiding Setup Flaws.....	38
<input type="checkbox"/> Knife Edge Mixing.....	39
<input type="checkbox"/> Throttle-Elevator Downline Mix.....	40
Conclusion.....	40
Setup Test Points List Page.....	41

Bonus Section

Handling Enhancements.....43

Surface Friction Disruption.....	44
Thicker Control Surfaces.....	45
Vortex Generators.....	46
Flat Triangle VGs.....	47
Stall Strips.....	48

Utilize the Check boxes to track progress.
